# Mapping the Eni investigation with FCPA Tracker

## **Dive Deeper**

- 1. What other investigations appear in the named countries?**
- 2. What other companies in the oil and gas industry currently have open investigations?**
- 3. How are companies structuring their disclosures?**
- 4. What agencies are involved in the investigations?**

FCPA Tracker scans for and analyzes public disclosures by companies and agencies about FCPA-related investigations. Analysts sort over 20 unique fields for each investigation that users can use to cross-references against other investigations.
